081288949793 | hanif.wira1818@gmail.com | www.linkedin.com/in/hanifwira | https://www.hnwirad.com/

Tangerang Regency, Banten, Indonesia

Student at BINUS University, with a strong interest in the data field, particularly in data analysis and data science. Through coursework in Data Analysis and Data Science, I have developed fundamental skills in data processing, analysis, and interpretation. I'm highly motivated to continue expanding my knowledge and applying these skills in a professional environment, where I can contribute to data-driven decision-making and gain practical industry experience.

Working Experiences

PT. Panata Jaya Mandiri - Tangerang Regency, Banten, Indonesia

Nov 2024 - Jan 2025

Data Scientist Internship

PT Panata Jaya Mandiri (PJM) is a joint venture with Donaldson Co. Inc., America (a major player in the filter industry) and also part of the ADR group of companies. PJM produces filter products for heavy equipment, gas turbines, industrial machinery, construction equipment, and automotive applications.

- During my internship at ADR Group, I worked as a Data Scientist Intern and supported the production team in analyzing manufacturing data. My main focus was to determine the exact cycle time of all production machines, which is crucial for improving efficiency, planning, and performance evaluation.

Formal Education

Universitas Bina Nusantara - Tangerang, Indonesia

Sep 2021 - Dec 2026 (Perkiraan)

Bachelor of Computer Science

Certificate and Tools

- Tools:** Google Colab, Google Data Studio, Power BI, MySQL, Python, Ms.Excel, Google Sheet
- Certificate** 📄 (2024): Data science & AI certified study independent study track BINUS UNIVERSITY
- Certificate** 📄 (2023): Data analysis: Fullstack Intensive Bootcamp
